The map illustrates the layout of Unipuerto Bilbao, divided into five main sections labeled A through E. Section A (left) includes Punta Lucero and Punta Ceballos. Section B (center-left) features Punta Sollana and the Zona industrial Punta Lucero. Section C (center) shows the Dique de Zierbena and various industrial plots. Section D (center-right) contains the Contradique de Santurtzi and the Aduana (Customs) area. Section E (right) includes the Contradique de Algorta and the Bizkaia area. The map also shows the location of the ferry terminal, the Red Cross of the Sea, and various other facilities like gas stations and restaurants. A legend at the top left provides symbols for different types of infrastructure and services. A note at the top center states that the map is for orientation only and does not guarantee the accuracy of the parcel and building sizes.

VISITOR INSTRUCTIONS

The following take place within the port:

- Loading/unloading of ships by crane.
- Loading/unloading of trucks.
- Loading/unloading of trains.
- Handling and preparation of special loads.
- Handling of dangerous goods.
- Overhead transfer of goods.

During your time in the port as a pedestrian or driver you must respect:

- The routes indicated with vertical and horizontal signs and markings.
- General rules marked by the Port Authority and port companies specific regulations.
- Vest outside the vehicle. Helmet when moving under machinery.

As general rules remember that:

- Before beginning to drive know your destination. In case of doubt ask the staff who provided this leaflet to you.
- Drive in the direction indicated by road markings. Do not drive between blocks of goods.
- Walking or driving in areas where work is underway is not allowed without the permission of the corresponding person responsible.
